INNOVATIVE Employment Methodologies

"...partner with individuals who are serious about a career change."

Kairos Employment Unlimited, Incorporated is the new face of professional, reliable and efficient outplacement services. We partner with employers who provide transition assistance for former employees; we provide career counseling, resume evaluation, and resume and cover letter writing, employment strategy planning sessions and many other services. Not only do we work with employers but we also partner with individuals who are serious about a career change. Our cadre of employment professionals delivers a broad range of support. Kairos Employment Unlimited has the proven ability to provide tailored job search information, 1:1 guidance and support, ability to uncover potential employment obstacles, as well as distribution of your resume to a consortium of in-house and elite recruiters who are looking for candidates in various functional and industry specific capacities.

Most of us are hard workers with valuable work experience, we promote company loyalty, and our work shows the level of excellence and integrity by which we complete our jobs; nevertheless when companies are faced with the daunting task of downsizing most employees lack the ability to market their skills and expertise. We will utilize your work experience, education, and training to promote you to prospective employers. Reach your full potential. You have what it takes, allow Kairos Employment Unlimited to "Present You to The World."
